ENGINEWORKS

ENGINEWORKS Bozeman is joining the Innovation Campus, with an 87,000 SF facility. ENGINEWORKS is a leading provider of modern-day, custom, innovative workspaces, which are customizable for its tenants. ENGINEWORKS Bozeman will include 26,000 SF of common space, not including outdoor areas. Within the common space, tenants will have access to shared kitchens, conference/huddle rooms, a reception area, an event stadium and more.

ENGINEWORKS currently has locations in Salt Lake City, Denver and Detroit, with more on the way.

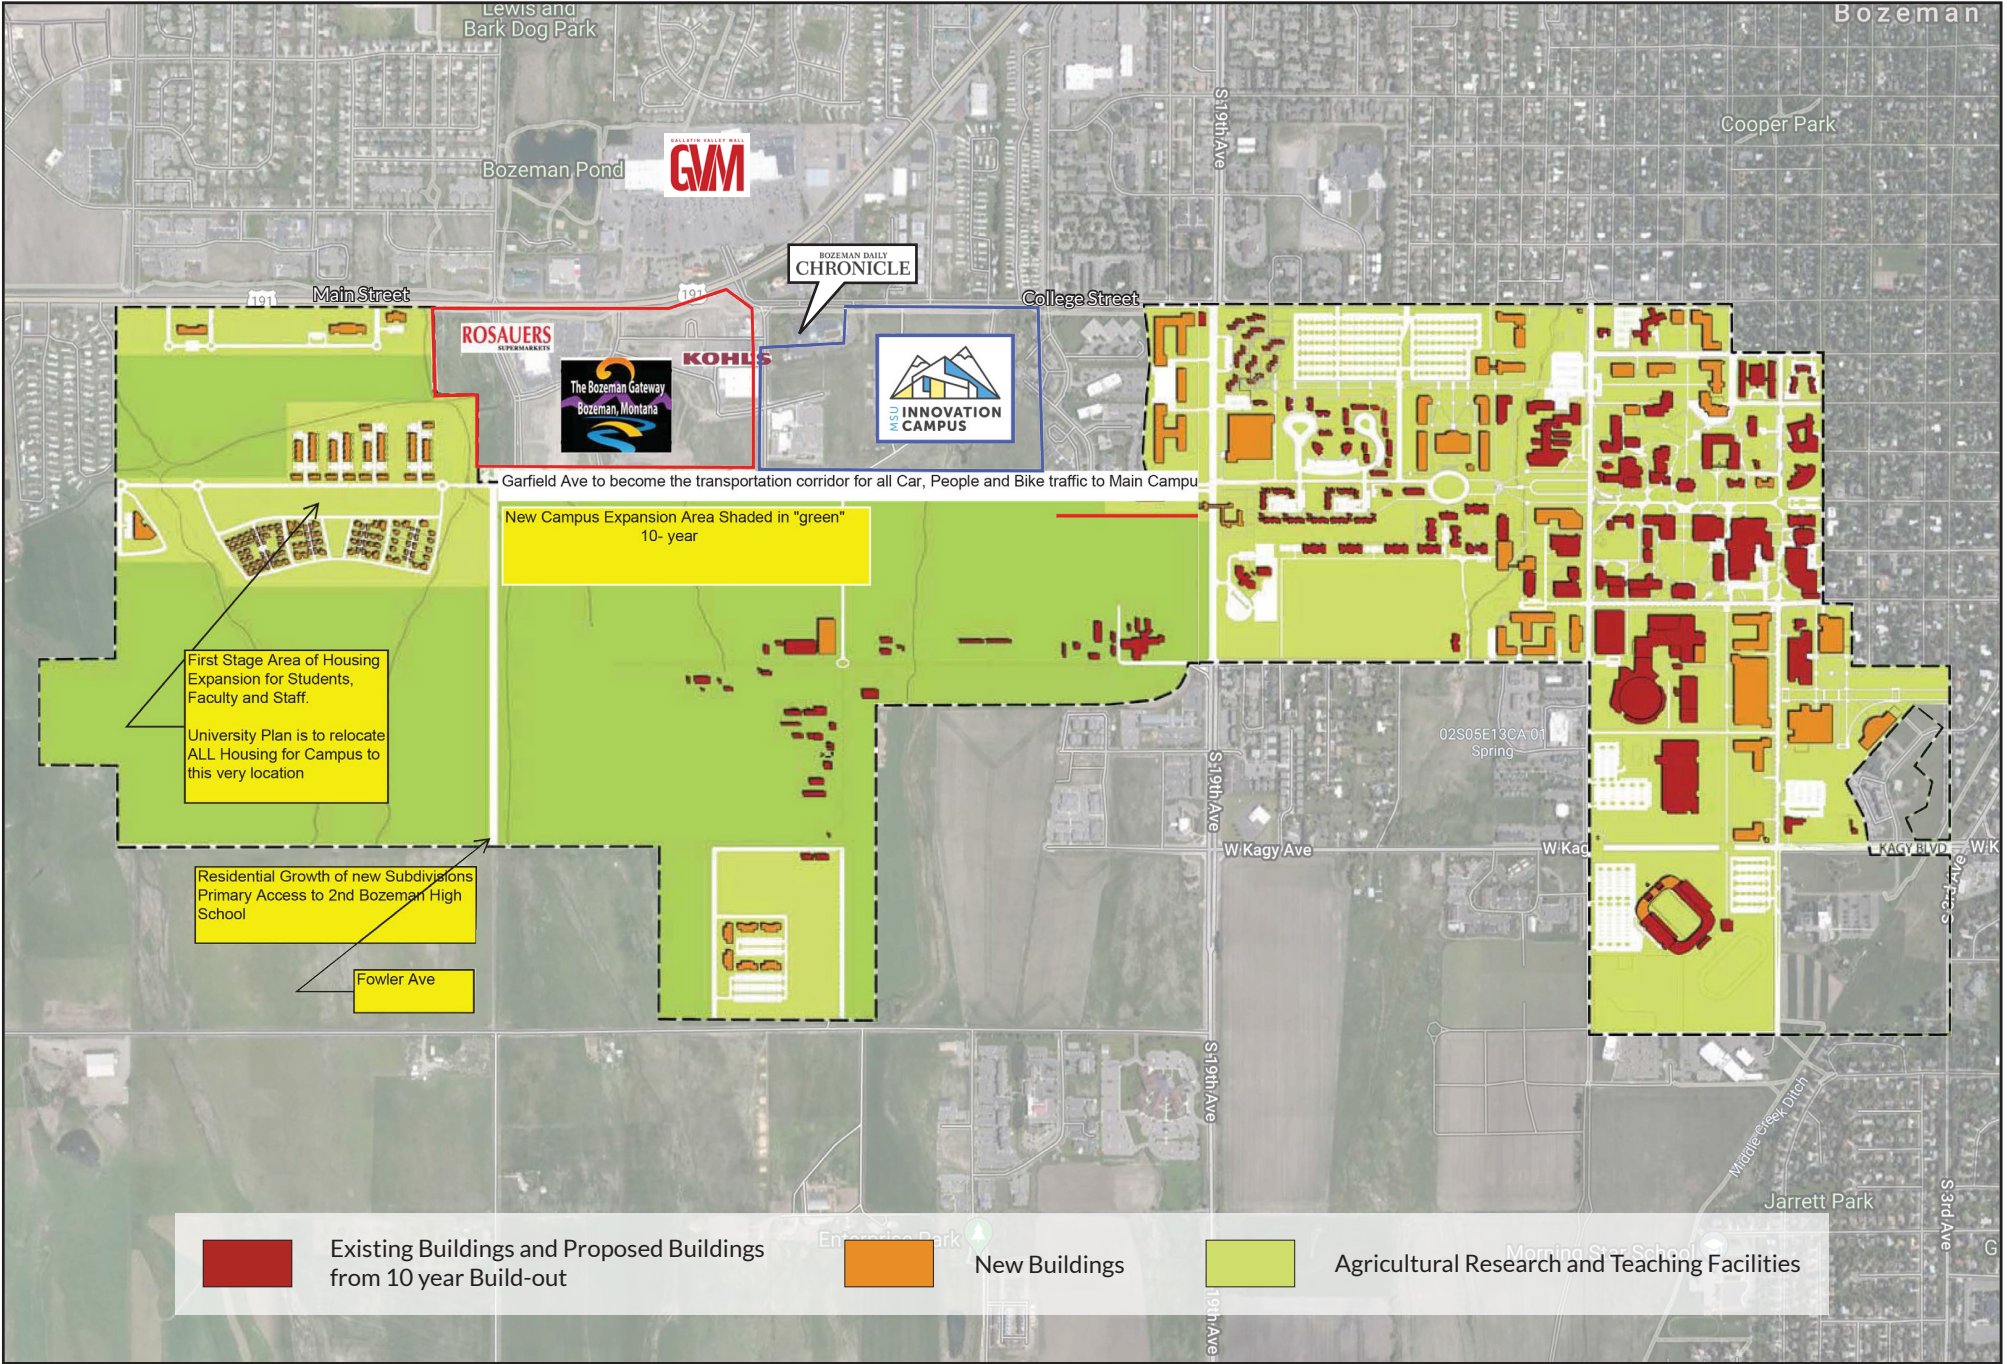

APPLIED RESEARCH LAB

The Applied Research Lab is the first of its kind in the state of Montana and allows university faculty, students and industry partners to work on energy - and defense-related research projects that were previously not possible due to the lack of a secure facility.

MSU and Gallatin Valley's expertise in lasers and photonics, advanced manufacturing, advanced materials and cybersecurity are being expanded with the departments of Defense and Energy with this facility. The ARL enables work on projects applicable to the nation's energy and defense programs.

BOZEMAN ACCOLADES

#10 - Bozeman, Montana

It doesn't get much more scenic than Bozeman, Mont., a picturesque college town nestled between four mountain ranges and located just 90 minutes from Yellowstone National Park. A paradise for outdoor enthusiasts, Bozeman boasts easy access to world-class skiing, fishing, hiking, rafting, and more.

It also offers a charming downtown area and a surprisingly vibrant cultural scene, thanks to the presence of Montana State University and a number of art and music events like the annual Sweet Pea Festival.

Bozeman, Montana	 Population 42,435
 Median Home Price \$ 313,525	 Projected Job Growth 11.4%
 Median Household Income \$ 49,303	 Clear Days per Year 186
 Average Commute Time 13 minutes	 High School Graduation Rate 86.0%

But it's also a destination for urban refugees seeking a higher quality of life—some 14% of residents walk or bike to work, and the average commute time is just 13 minutes—with access to great jobs. In the past two decades, the city of (now) 42,000 has become a booming hub for high-tech companies and entrepreneurs. Oracle bought local tech giant RightNow Technologies for \$1.5 billion in 2011, enabling many former employees (and newly minted millionaires) to launch their own startups. The Bozeman Technology Incubator offers free mentoring to all local tech and manufacturing businesses.

The economy is expected to keep expanding; Moody's Analytics predicts 11.4% job growth over the next five years. - *Ismat Sarah Mangla*
