#### ► About Us:

Blending West Coast progressiveness with East Coast attitude, BARVIDA is an organic, premium juice & smoothie concept known as the “black card of juice bars.” With locations in Darien, New Canaan, and Greenwich Avenue, BARVIDA offers a scalable concept with proven appeal to the modern wellness customer: design-savvy, health-conscious, and experience driven. We’re building a brand with long-term cultural and commercial relevance. In a saturated, stagnant category, BARVIDA cuts through the noise. It’s a brand with substance and edge. Wellness reimaged—and people are showing up for it.
